MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

Introduction

The following discussion and analysis provides an overview of the financial position and activities of KUAC TV9 & FM89.9 (KUAC) for the years ended June 30, 2021 and June 30, 2020, with selected comparative information for the year ended June 30, 2019. This discussion has been prepared by management and should be read in conjunction with the financial statements including the notes thereto, which follow this section.

Using the Financial Statements

The KUAC financial report includes three basic financial statements: Statement of Net Position, Statement of Revenues, Expenses and Changes in Net Position and Statement of Cash Flows. These statements are prepared in accordance with generally accepted accounting principles and Governmental Accounting Standards Board (GASB) pronouncements. GASB Statement No. 35, *Basic Financial Statements - and Management's Discussion and Analysis - for Public Colleges and Universities*, establishes standards for external reporting for public colleges and universities. This statement is applicable for KUAC since KUAC is a public telecommunications entity operated by the University of Alaska Fairbanks.

Statement of Net Position

The Statement of Net Position presents the financial position of KUAC at the end of the fiscal year and includes all assets, deferred outflows of resources, liabilities, and deferred inflows of resources of KUAC. The net position is one indicator of the financial condition of KUAC, while the change in net position is an indicator of whether the financial condition has improved or declined during the year. A summarized comparison of KUAC's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position at June 30, 2021, 2020 and 2019 follows:

	2021	2020	2019
Assets			
Current Assets	\$ 4,378,764	\$ 3,159,788	\$ 2,890,051
Capital assets, net of depreciation	1,406,693	1,590,109	1,597,001
Total Assets	5,785,457	4,749,897	4,487,052
Deferred outflows related to pension	282,000	290,000	362,000
Liabilities			
Current liabilities	478,944	439,003	319,660
Noncurrent liabilities	1,716,000	1,696,000	2,842,000
Total Liabilities	2,194,944	2,135,003	3,161,660
Deferred inflows related to pension	114,500	92,000	162,000
Net position			
Invested in capital assets	1,406,693	1,590,109	828,780
Unrestricted	2,351,320	1,222,785	696,612
Total Net position	\$ 3,758,013	\$ 2,812,894	\$ 1,525,392

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

The most notable changes in the statement of net position as of June 30, 2021 relates to increases in cash and unrestricted net assets, resulting from increased grant funding due to COVID-19 as well as increased contributions.

The most notable changes in the statement of net position as of June 30, 2020, relates to the forgiveness of a loan from University of Alaska which was received during the year ended June 30, 2019, for purchase of capital assets as KUAC replaced digital automation radio and television transmission equipment. These equipment purchases totaled \$725,296 in 2019 and \$232,698 in 2020.

Deposits and investments totaled \$4,331,138 at June 30, 2021, as compared with \$3,114,914 at June 30, 2020 and \$2,716,319 at June 30, 2019. These funds consist of operating funds held on deposit at University of Alaska Fairbanks, University of Alaska Foundation, and the KUAC Friends Group bank account.

Liabilities are categorized as either current liabilities or noncurrent liabilities on the Statement of Net Position. Current liabilities are those that are due or will likely be paid in the next fiscal year. They are comprised of primarily of accounts payable to University of Alaska from KUAC's funds held at University of Alaska Foundation. Long-term liabilities are net pension and other post-employment benefit obligations, plus a loan from University of Alaska of \$800,000 at June 30, 2019 which was forgiven during the year ended June 30, 2020.

Statement of Revenues, Expenses and Changes in Net Position

The Statement of Revenues, Expenses and Changes in Net Position presents the results of operations for KUAC. Revenues, expenses and other changes in net position are reported as either operating or nonoperating. All significant revenue sources for KUAC are reported as operating revenue. KUAC has defined significant revenue sources as operating, including grant revenue, state appropriations for operations, contributions, other operating revenues, underwriting revenues, and in-kind contributed support.

A summarized comparison of KUAC's revenues, expenses and changes in net position for the years ended June 30, 2021, 2020 and 2019 follows:

	2021	2020	2019
Operating Revenue	\$ 3,538,958	\$ 3,588,323	\$ 4,032,601
Operating Expenses	<u>3,655,084</u>	<u>3,892,161</u>	<u>4,001,215</u>
Operating Profit	(116,126)	(303,838)	31,386
Net non-operating revenues	<u>1,165,745</u>	<u>1,221,340</u>	<u>38,778</u>
Increase in net position, before other expenses	1,049,619	917,502	70,164
Pension expenses - net pension and OPEB	<u>(104,500)</u>	<u>370,000</u>	<u>74,222</u>
Increase in net position	945,119	1,287,502	144,386
Net position at beginning of the year	<u>2,812,894</u>	<u>1,525,392</u>	<u>1,381,006</u>
Net position at end of year	<u>\$ 3,758,013</u>	<u>\$ 2,812,894</u>	<u>\$ 1,525,392</u>

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

The Statement of Revenues, Expenses and Changes in Net Position reflects an overall increase in net position of \$945,119 or 33.6 percent for the year ended June 30, 2021. Major changes in revenues and expenses in 2021 are described below.

As a department of the University of Alaska Fairbanks, KUAC continues to experience the uncertainty of yearly State of Alaska funding to the University of Alaska and to KUAC. In FY 2019, FY 2020, and FY 2021, KUAC had reductions of \$20,900, \$468,000, and \$2,100 respectively, in operating university funding.

In FY 2021, KUAC had an increase of \$50,339 in normal operating grants from Corporation for Public Broadcasting (CPB). In addition, KUAC received \$716,228 in FY 2021 and \$372,340 in FY 2020 in stabilization funding from CPB provided by the CARES Act and other federal relief legislation to help mitigate effects of the economic decline triggered by the COVID-19 pandemic. These grants are reported as non-operating revenues. Certain CPB grants are partially determined by the amount of nonfederal financial assistance we receive. Note 9 to the financial statements includes information as to what types of revenue qualify for nonfederal financial support (NFFS) standing. The importance of the NFFS calculation is that this number is a major factor in the calculation of our CPB grants and in our NPR and PBS and other program distribution costs.

Also included in nonoperating revenue for FY 2021 is \$330,517 in additional CARES Act funding under the Paycheck Protection Program. This forgivable loan was received and fully expended on allowable expenses in FY 2021. KUAC also received \$65,000 of CARES funding in the form of a grant passed through Alaska Community Foundation. Other nonoperating revenue in FY 2020 was \$800,000 from forgiveness of an FY 2019 loan from University of Alaska for capital improvements, and \$75,000 of FY 2020 University of Alaska funding for capital improvements.

In FY 2021, we had a decrease of \$22,915 in underwriting revenue or 8.8 percent, from \$259,121 in FY 2020. We attribute reductions in underwriting due to the pressures and uncertainties businesses face in the current economic environment of Alaska. In contrast, we had an increase of \$50,946, or 4.7 percent, in contributions revenue.

In fiscal year 2016, with restatement of the FY 2015 balances, KUAC adopted GASB 68 related to pension liability. In fiscal year 2018, KUAC adopted GASB 75 related to the liability for other post-retirement benefits. These accounting standards by the *Governmental Accounting Standards Board* require each government unit across the United States to carry its proportionate share of the net liability of any pension and OPEB plans in which it participates. KUAC benefited employees participate in the State of Alaska Public Employees Retirement System (PERS); thus, it has the responsibility to carry its share of the net pension and OPEB liability from the PERS system. Deferred outflows and inflows of resources relate to the same pension and OPEB requirements. The net effect of changes to the net pension liability and related deferred outflows and inflows of resources was to increase pension expense and decrease change in net position by \$50,500 in FY 2021 and decrease pension expense and increase change in net position by \$344,000 in FY 2020 and \$113,000 in FY 2019. It is important to note that these standards do not affect the cash flows or budget of KUAC, but rather affect the timing of the recognition of pension and OPEB expense for external financial reporting.

KUAC continues to use a variety of strategies to reduce expenses, while continuing to refresh infrastructure expenditures. These strategies include reconfiguring and/or eliminating positions, delaying recruitments, and conducting a stringent review of every expenditure.

A comparison of operating expenses by functional and natural classification for selected fiscal years follows (see Note 11 of the financial statements for more information).

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

	Operating Expenses					
	Functional Classification					
	FY 2021		FY 2020		FY 2019	
Programming and production	\$ 1,055,556	28.9%	\$ 1,075,324	27.6%	\$ 1,221,629	30.5%
Broadcasting	1,275,654	34.9%	1,247,388	32.0%	1,197,286	29.9%
Program information	230,254	6.3%	240,846	6.2%	267,308	6.7%
Management and general	489,996	13.4%	551,735	14.2%	553,223	13.8%
Fundraising	603,624	16.5%	776,868	20.0%	761,769	19.0%
	<u>\$ 3,655,084</u>	<u>100%</u>	<u>\$ 3,892,161</u>	<u>100%</u>	<u>\$ 4,001,215</u>	<u>100%</u>

	Operating Expenses					
	Natural Classification					
	FY 2021		FY 2020		FY 2019	
Compensation and benefits	\$ 1,564,089	42.8%	\$ 1,614,777	41.5%	\$ 1,741,360	43.5%
Contractual services	930,781	25.5%	948,570	24.4%	975,667	24.4%
Supplies and materials	43,004	1.2%	66,956	1.7%	130,122	3.3%
Travel and other	43,942	1.2%	73,445	1.9%	99,856	2.5%
In-kind support	128,797	3.5%	242,101	6.2%	324,244	8.1%
Indirect facilities & admin support	711,645	19.5%	706,722	18.2%	570,835	14.3%
Depreciation	232,826	6.4%	239,590	6.2%	159,131	4.0%
	<u>\$ 3,655,084</u>	<u>100%</u>	<u>\$ 3,892,161</u>	<u>100%</u>	<u>\$ 4,001,215</u>	<u>100%</u>

In FY 2021, KUAC had a decrease of \$237,077 in expenditures (including depreciation) compared to FY 2020. This includes a decrease of \$108,381 in in-kind expenses.

Other Economic and Financial Conditions

During FY 2020, the World Health Organization declared the spread of Coronavirus Disease a worldwide pandemic. COVID-19 has had significant effects on global markets, supply chains, business, and communities. Since the beginning of the pandemic, KUAC has been awarded various COVID assistance and relief funding totaling \$1,419,085 from the federal government, of which \$1,046,745 was recognized as revenue in FY 2021, as further discussed above.

During 2019, KUAC contracted for two major equipment replacements: The TV master control was being replaced at a cost of approximately \$475,000. The FM transmitter was being replaced at a cost of \$325,000. Through June 30, 2019, \$670,000 of these assets had been purchased, including \$103,576 recorded in accounts payable at June 30, 2019. Additional purchases totaling \$221,000 were purchased during the year ended June 30, 2020. These purchases were funded with an \$800,000 loan from the University of Alaska Fairbanks (UAF). The loan was forgiven during FY 2020.

In the beginning of FY 2020, the State of Alaska negotiated a budget agreement with the University Alaska to reduce State funding by \$25M in FY 2020, \$25M in FY 2021 and \$20M in FY 2022. As a result, KUAC's FY 2020 University funding was reduced by \$468,000. While the University only funded KUAC at \$26,600 for FY 2021, UAF continues to fund the State-owned transponder costs of \$200,000 per year to ensure public broadcasting, including KUAC, is provided to the remote villages across Alaska. UAF also continues to provide indirect facilities and administrative support for KUAC operations on the UAF campus.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

The magnitude of the FY 2020 funding reduction to public broadcasting and the University was unprecedented and unexpected. It is unknown if the State of Alaska will restore funding, even at reduced levels, in the next few years. This is dependent upon the administration's value in the public broadcasting system. As such, KUAC continued operations in a severely constrained fiscal environment. Actions resulting in increased revenue generation have included: expanding efforts for donor support, underwriting, local FM content production, and partnerships with University departments. KUAC also continues to tightly control expenses and made difficult survival decisions that included delaying hires, and reducing personnel.

In spite of the extraordinary circumstances posed by FY20 and FY21, KUAC's supporters with the means to do so continue to be exceptionally motivated to give. This support, along with CPB Stabilization Funds, ensured that KUAC could continue to meet the demands of its constituents during the ongoing world-wide pandemic. Negotiations with PBS for an extension of dues reduction for one year also kept expenses down in FY21. However, looking forward: dues for PBS have reverted back to previously unsustainable levels at the end of June 2021; while donors have been exceptionally generous, the continuation of the pandemic and the uncertainty it has on the economy may result in donors' inability to continue to give at the levels inspired by the early days of the pandemic; it is anticipated that CPB will have no additional Stabilization funds for stations; KUAC, in FY22, was finally able to hire a full-time engineer with the one-time, financial assistance from the Chancellor's office and will not have this assistance going forward; and while grant funding has been secured for a new TV transmitter, additional infrastructure is aging and will be replaced soon. Without predictable, increased funding from KUAC's licensee, the station continues to face significant uncertainties that will no doubt affect its ability to adequately meet its mission.

Contacting KUAC's Financial Management

This financial report is designed to provide residents of the State of Alaska and our customers and creditors with a general overview of KUAC's finances, and to demonstrate KUAC's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact KUAC TV/FM, University of Alaska Fairbanks, P.O. Box 755620, Fairbanks, Alaska 99175-5620.

INDEPENDENT AUDITOR'S REPORT

To the Board of Regents
University of Alaska
KUAC TV9 FM 89.9

Report on the Financial Statements

We have audited the accompanying financial statements of KUAC TV9 FM 89.9, (a public telecommunications entity operated by the University of Alaska Fairbanks), which comprise the statements of net position as of June 30, 2021 and 2020, and the related statements of revenues, expenses, and changes in net position and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of KUAC TV9 FM 89.9 as of June 30, 2021 and 2020, and the changes in its financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of matter

As discussed in note 1, the financial statements present only KUAC TV9 FM 89.9, and do not purport to, and do not, present fairly the financial position of the University of Alaska as of June 30, 2021 and 2020, and the changes in its financial position for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matter*Required supplementary information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 1-5 and the schedule of proportionate share of net pension and OPEB liability and employer contributions on pages 36-39 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information on pages 32-35 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

operated by the University of Alaska Fairbanks)

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

NOTE 1 - ORGANIZATION AND BASIS OF PRESENTATION

Reporting entity and business activities - KUAC TV9 FM 89.9 (KUAC) is a unit of the University of Alaska Fairbanks (UAF), which is a component unit of the State of Alaska. KUAC is the licensee of one public television station and one public radio station. The financial statements present only the activities of KUAC and do not include any other activities of the University of Alaska or the State of Alaska. The financial statements also include the assets, revenue, expenses, and net assets of KUAC Friends Group, Inc. (Friends Group). Friends Group is a legally separate, nonprofit component unit of KUAC. The Friends Group was established to solicit donations and to hold and manage such assets for the exclusive benefit of KUAC.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Basis of presentation - The financial statements of KUAC have been prepared in conformity with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB) and the *Principles of Accounting and Financial Reporting for Public Telecommunications Entities*.

KUAC follows the "business-type" activities of GASB Statement No. 35, *Basic Financial Statements - and Management's Discussion and Analysis - for Public Colleges and Universities*. KUAC also adopted GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Positions*, effective for the fiscal year ending June 30, 2013. These Statements require the following components of KUAC's financial statements: Management's Discussion and Analysis; basic financial statements including a Statement of Net Position, Statement of Revenues, Expenses, and Changes in Net Position, and Statement of Cash Flows – Direct Method; and Notes to the Financial Statements. It also requires the classification of net position into three components - net investment in capital assets, restricted, and unrestricted. GASB Statement No. 63 also requires separate reporting of deferred outflows and inflows of resources.

KUAC TV9 FM 89.9
(A public telecommunications entity
operated by the University of Alaska Fairbanks)

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

NOTE 1 - BASIS OF PRESENTATION (continued)

Deferred outflows of resources represent the consumption of net assets by KUAC in one period that is applicable to future periods. KUAC's deferred outflows of resources relate to its pension and OPEB obligations.

Deferred inflows of resources represent the acquisition of net assets in one period that is applicable to future periods. KUAC's deferred inflows of resources relate to its pension and OPEB obligations.

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflow of resources and is required to be classified for accounting and reporting purposes into the following categories:

Unrestricted net position is the net amount of assets, net of related liabilities not included in the determination of net investment in capital assets or the restricted component of net position. Unrestricted net position may be designated for specific purposes by management action or may otherwise be limited by contractual agreements with outside parties.

Restricted net position:

Expendable net position is subject to externally-imposed restrictions that may or will be met by actions of KUAC and/or that expire with the passage of time.

Non-expendable net position is subject to externally-imposed restrictions requiring that they be maintained permanently by the university.

Net investment in capital assets - Capital assets, net of accumulated depreciation, reduced by outstanding balances of debt attributable to the acquisition, construction or improvement of those assets.

Operating activities - KUAC's policy for defining operating activities as reported on the statement of revenues, expenses, and changes in net position are those that generally result from the provision of public broadcasting services. Revenues associated with, or restricted by donors to use for, capital improvements are recorded as non-operating revenues.

KUAC TV9 FM 89.9
(A public telecommunications entity
operated by the University of Alaska Fairbanks)

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared on the economic resources measurement focus and accrual bases of accounting. All significant intra-organization transactions have been eliminated.

Revenue recognition - State appropriations and University funding are recorded in the statement of revenues, expenses and changes in net position as operating revenue if provided for regular operations of the stations, as resources are committed by the University.

Membership contributions are recognized as operating revenue in the period they are pledged. Revenue related to program underwriting is recognized as the funds are collected, which approximates when earned as the sponsored program is aired. Contributed support represents expenses paid on behalf of a public telecommunications entity by others outside the reporting entity, and includes contributed travel, advertising, transponder rental, and indirect administrative support. Donated personal services of nonprofessional volunteers are not recorded as revenue and expense as there is no objective basis to measure the value of such services.

Public Broadcasting grants - The Corporation for Public Broadcasting is a private, nonprofit grant-making organization responsible for funding more than 1,000 television and radio stations. CPB distributes annual Community Service Grants (CSGs) to qualifying public broadcasting entities. CSGs are used to augment the financial resources of public broadcasting entities and thereby to enhance the quality of programming and expand the scope of public broadcasting services. Each CSG may be expended over one or two federal fiscal years as described in the Communications Act, 47 United States Code Annotated, Section 396(k)(7). Each grant must be fully expended within two years of the initial grant authorization. These grants are recognized as revenue in the year awarded.

Indirect Administrative Support - Facilities and administrative support - UAF consists of allocated institutional support and physical plant costs incurred by the University of Alaska for which KUAC receives benefits. The fair value of this support is recognized in the Statements of Revenues, Expenses, and Changes in Net Position as indirect administrative support and also as expense as allocated in functional expense categories. For the years ended June 30, 2021 and 2020, KUAC follows a simplified method calculated based on University of Alaska's administrative and facilities support costs divided by direct costs.

Advertising costs - Advertising costs are expensed in the period in which they are incurred.

KUAC TV9 FM 89.9
(A public telecommunications entity
operated by the University of Alaska Fairbanks)

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Functional allocation of expenses - The costs of providing the various program services and other activities have been summarized on a functional basis in the statement of revenues, expenses, and changes in net position and in a footnote detailing functional expenses. Accordingly, certain costs have been allocated among the program and supporting services on the basis of benefits received.

Capital assets - Capital assets consist primarily of television and radio production, broadcasting, and transmitting equipment. The equipment is stated at acquisition cost or fair value at date of donation in the case of gifts. Depreciation is recognized on a straight-line basis, with useful lives ranging from 4 to 20 years.

Pensions - For purpose of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the defined benefit plan of the Public Employees Retirement System (PERS) and additions to/deductions from the pension plan's fiduciary net position have been determined by the University of Alaska on the same basis they are reported by PERS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. KUAC has allocated its proportionate share of University of Alaska's pension accounts based on the proportion of its PERS-related payroll to the University's PERS-related payroll.

Postemployment Benefits Other Than Pensions (OPEB) - For purpose of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the defined benefit plan of the Public Employees Retirement System (PERS) and additions to/deductions from the OPEB plan's fiduciary net position have been determined by the University of Alaska on the same basis they are reported by PERS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. KUAC has allocated its proportionate share of University of Alaska's OPEB accounts based on the proportion of its PERS-related payroll to the University's PERS-related payroll.

Income taxes - KUAC is wholly-owned by the University of Alaska and is exempt from federal income taxes under Section 115 of the Internal Revenue Code.

Subsequent events - Management has evaluated subsequent events through January 13, 2022, the date the financial statements were available to be issued.

KUAC TV9 FM 89.9
(A public telecommunications entity
operated by the University of Alaska Fairbanks)

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

NOTE 3 - CASH AND DUE TO UNIVERSITY OF ALASKA

Cash represents the equity of KUAC in the respective pooled cash resources of the University of Alaska. Disclosure information required under GASB No. 3, *Deposits with Financial Institutions, Investments (Including Repurchase Agreements), Reverse Repurchase Agreements*, is not available. Cash also includes funds held in KUAC Friends Group, Inc.'s bank account, totaling \$277,731 and \$263,688 at June 30, 2021 and 2020, respectively.

Due to University of Alaska, with balances of \$460,944 and \$421,003 at June 30, 2021 and 2020, represents funds the University has paid out for KUAC expenditures in excess of reimbursements received from KUAC funds held at University of Alaska Foundation. This does not represent a loan from University of Alaska but merely gap funding necessitated by the timing of receiving grant and other cash versus paying organization expenses.

During the year ended June 30, 2019, University of Alaska loaned KUAC \$800,000 as a capital loan to allow procurement and installation of infrastructure and equipment upgrades for KUAC's TV and FM radio programming. During the year ended June 30, 2020, this loan was forgiven. The forgiveness is reflected as nonoperating revenue in the Statement of Revenues and Expenses for the year ended June 30, 2020.

NOTE 4 - CASH POSITION HELD AT UNIVERSITY OF ALASKA FOUNDATION

KUAC invests its contributed funds through the University of Alaska Foundation. These funds are generated mainly through sustaining gifts, annual TV and FM fundraising membership drives, and program underwriting, and are pooled for payment of both TV and FM expenditures. The University of Alaska Foundation supports KUAC and other university programs. The Foundation does not pay interest on invested balances and charges a 5% gift fee to compensate for managing the funds. KUAC is not at risk for market declines in regard to these funds.

On a quarterly basis, KUAC Friends Group transfers the previous quarter's net contributions received to University of Alaska Foundation to be held for KUAC's needs. The invested balances transferred from the Friends Group are charged a 1% gift fee.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

NOTE 6 - INDIRECT FACILITIES AND ADMINISTRATIVE SUPPORT AND CONTRIBUTED IN-KIND SUPPORT

Facilities and administrative support consists of allocated institutional support and physical plant costs incurred by the University of Alaska Fairbanks on behalf of KUAC. The fair value of this support is recognized in the Statement of Revenues, Expenses, and Changes in Net Position as indirect facilities and administrative support and also as expense. For the years ended June 30, 2021 and 2020, KUAC follows a simplified method of calculating the indirect cost rate, as directed by Corporation for Public Broadcasting. The rate is calculated based on University of Alaska's administrative and facilities support costs for their years ended June 30, 2021 and 2020, divided by their other direct costs. This results in a rate of 27.56% for FY21 and 26.14% for FY20. The total indirect expenses are allocated among expenditure categories based upon the expenditure category percentage of the total expenditures.

Contributed in-kind support represents principally in-kind support received from Alaska Public Broadcasting Corporation, primarily for use of APBC's broad band transmitters.

NOTE 7 - CONCENTRATIONS AND ECONOMIC DEPENDENCE

In addition to receiving the in-kind facilities and administrative support as discussed in Note 6, KUAC is dependent on its sponsoring organization, University of Alaska Fairbanks (UAF), for cash operating revenues. During the years ended June 30, 2021 and 2020, UAF provided the following cash support to KUAC, totaling 6 percent and 10 percent, respectively, of KUAC's cash operating revenues. For the year ended June 30, 2020, in addition to the state appropriation, the University forgave a loan of \$800,000 for equipment, as discussed in Note 3.

	<u>2021</u>	<u>2020</u>
State appropriation	<u>\$ 226,600</u>	<u>\$ 303,700</u>

For the years ended June 30, 2021 and 2020, KUAC received 47 and 45 percent, respectively, of its cash revenues from grants from the Corporation for Public Broadcasting.

KUAC TV9 FM 89.9
(A public telecommunications entity
operated by the University of Alaska Fairbanks)

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

NOTE 8 - RETIREMENT PLANS

Participation in one of the various pension plans generally depends on when an employee was originally hired by the University. Substantially all regular employees hired before July 1, 2006 participate in the State of Alaska Public Employees' Retirement System - Defined Benefit (PERS-DB), a cost-sharing, multiple-employer public employee retirement plan.

In addition, substantially all eligible employees participate in the University of Alaska Pension Plan, a supplemental single-employer defined contribution plan. Employees hired on or after July 1, 2006 have a choice to participate in the University of Alaska Retirement Program or the applicable state defined contribution plan. The University of Alaska Retirement Program consists of ORP (Tier 3) and the University of Alaska Pension Plan. However, certain staff hired July 1, 2015 and later are not eligible for the ORP. The state's defined contribution plan is the Public Employees' Retirement System - Defined Contribution (PERS-DC).

KUAC provides elective deferral options for employee contributions to deferred annuity plans in accordance with Internal Revenue Code sections 403(b) and 457(b), subject to eligibility criteria.

Each of the plans noted above are described in more detail in the sections that follow.

Actuarial Assumptions for State of Alaska PERS-DB and OPEB plans

The total pension and OPEB liabilities for the June 30, 2020 measurement date was determined by an actuarial valuation as of June 30, 2019, which was rolled forward to June 30, 2020. This actuarial valuation used the following actuarial assumptions, applied to all periods included in the measurement:

Inflation rate	2.5% per year
Salary increases	Increases range from 6.75% to 2.75% based on service
Investment rate of return	7.38%, net of pension plan investment expenses, based on average inflation rate of 2.5% and a real rate of return of 4.88%
Healthcare cost trend rates	Pre-65 medical: 7.0% grading down to 4.5% Post-65 medical: 5.4% grading down to 4.5% Prescription drugs: 8.0% grading down to 4.5%
Participation in OPEB plans	100% of system paid members and their spouses are assumed to elect the healthcare benefits as soon as they are eligible. 20% of non-system paid members and their spouses are assumed to elect the healthcare benefits as soon as they are eligible.

KUAC TV9 FM 89.9
(A public telecommunications entity
operated by the University of Alaska Fairbanks)

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

NOTE 8 - RETIREMENT PLANS (continued)

Pre-commencement and post-commencement mortality rates were based on the 2013-2017 actual mortality experience. Pre-commencement mortality rates were based upon 100% of the RP-2014 table with MP-2017 generational improvement. Post-commencement mortality rates were based upon 91% of male and 96% of female rates of the RP-2014 table with MP-2017 generational improvement. Deaths are assumed to be occupational 40% of the time.

The actuarial assumptions used in the June 30, 2020 actuarial valuation were based on the results of an actuarial experience study for the period from July 1, 2013 to June 30, 2017. The assumptions used in the June 30, 2020 actuarial valuation are the same as those used in the June 30, 2019 valuation, updated to reflect the most recent two years of actual administrative expenses.

For OPEB plans, in addition to the changes in assumptions regarding administrative expenses, the following assumption changes have been made since the prior valuation: 1. Per capita claims costs were updated to reflect recent experience. Retired member contribution trend rates were updated to reflect the ongoing shift in population from pre-Medicare to Medicare-eligible and a projection of expected future retiree contributions, and 2. The Further Consolidated Appropriations Act, 2020 that was signed into laws in December 2019 made several changes, including the repeal of the Cadillac tax.

Long-term expected rate of return. The long-term expected rate of return on pension and OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return, excluding the inflation component of 2.5%, for each major asset class included in the pension and OPEB plans' target asset allocation are summarized in the following table:

<u>Asset Class</u>	<u>Long-term Expected Real Rate of Return</u>
Domestic equity	6.24%
Global equity (non-US)	6.67%
Aggregate bonds	-0.16%
Opportunistic	3.01%
Real assets	3.82%
Private equity	10.00%
Cash equivalents	-1.09%

KUAC TV9 FM 89.9
(A public telecommunications entity
operated by the University of Alaska Fairbanks)

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

NOTE 8 - RETIREMENT PLANS (continued)

Discount Rate. The discount rate used to measure the total pension and OPEB liabilities was 7.38 percent. The projection of cash flows used to determine the discount rate assumed that employer and non-employer contributions will continue to follow the current funding policy, which meets State statutes. Based on those assumptions, the fiduciary net positions for the pension and OPEB Plans were projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension and OPEB plan investments was applied to all periods of projected benefit payments to determine the total pension and OPEB liabilities.

State of Alaska Public Employees' Retirement System - Defined Benefit (PERS-DB)

Plan Description

PERS-DB is a defined benefit, cost-sharing, multiple-employer public employee retirement plan established and administered by the State of Alaska. The plan was originally established as an agent multiple-employer plan, but was converted by legislation to a cost-sharing plan, effective July 1, 2008. This change provided for an integrated system of accounting for all employers. Under the integrated system, the PERS-DB plans' unfunded liability will be shared among all employers with each contributing 22 percent of their covered payroll.

PERS provides pension, post-employment health care, death, and disability benefits to eligible participants. Benefit and contribution provisions are established by state law and may be amended only by the state legislature. Effective July 1, 2006, the state legislature closed PERS-DB to new members and created a Public Employees' Retirement System Defined Contribution Retirement Plan (PERS-DC), disclosed later in this note.

The PERS-DB Plan is a plan within the Public Employees' Retirement System (PERS). PERS includes the PERS-DB and Alaska Retiree Healthcare Trust (ARHCT). Senate Bill 123 was passed during the 2007 legislative session and created the ARHCT. ARHCT is self-funded and provides major medical coverage to retirees of PERS. PERS retains the risk of loss of allowable claims for eligible members. ARHCT began paying member healthcare claims on March 1, 2008. Prior to that time, healthcare claims were paid for by the Retiree Health Fund (RHF).

Each fiscal year, PERS-DB issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the State of Alaska, Department of Administration, Division of Retirement and Benefits, P.O. Box 110203, Juneau, Alaska, 99811-0203 or by calling (907) 465-4460. The report is available on the website <http://doa.alaska.gov/drb>.

KUAC TV9 FM 89.9
 (A public telecommunications entity
 operated by the University of Alaska Fairbanks)

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

NOTE 8 - RETIREMENT PLANS (continued)

Funding Policy and Annual Pension Cost

Employee contribution rates are 6.75 percent. The funding policy for PERS-DB provides for periodic employer contributions at actuarially determined rates that, expressed as a percentage of annual covered payroll, are sufficient to accumulate assets to pay benefits when due. The 2021 and 2020 actuarially determined rates were 30.85 percent and 28.62 percent of applicable gross pay, respectively. However, the employer contribution rate for the University was capped by the state at 22 percent for fiscal years 2021 and 2020.

The amounts contributed to PERS-DB by KUAC during the years ended June 30, 2021 and 2020 were \$125,736 and \$132,340, respectively, equal to the required employer contributions for each year. These contributions cover pension and postemployment healthcare, at the statutorily required minimum each year of 22 percent of KUAC's PERS covered payroll.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, KUAC reported a liability for its proportionate share of the net pension liability. The amount recognized by KUAC as its proportionate share of the net pension liability and the State's proportionate share of the net pension liability associated with KUAC were as follows:

	2021	2020
KUAC's proportionate share of the net pension liability - PERS	\$ 1,858,000	\$ 1,651,000
State's proportionate share of the net pension liability associated with KUAC (unaudited)	769,000	655,000
Total net pension liability	\$ 2,627,000	\$ 2,306,000

The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2019. KUAC's proportion of the net pension liability of the University was based on a proportion of KUAC's participating employee payroll compared with the University's total participating employee payroll. The University's proportion of the net pension liability was based on a projection of the University's share of present value of future contributions to the pension plan relative to the projected present value of future contributions of all participating employers and the State, actuarially determined. At June 30, 2021, the University's portion was 3.734% of the overall PERS liability. KUAC's portion was 0.84%.

(A public telecommunications entity
operated by the University of Alaska Fairbanks)

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

NOTE 8 - RETIREMENT PLANS (continued)

For the years ended June 30, 2021, KUAC recognized pension expense and revenue of \$54,000 for support provided by the State of Alaska. At June 30, 2021, KUAC reported deferred outflows of resources and deferred inflows of resources related to PERS-DB pension plan from the following sources:

	June 30, 2021	
	Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 6,000	\$ -
Difference between projected and actual investment earnings	76,000	-
Changes in assumptions	-	-
Changes in proportion and difference between employer contributions and proportionate share of contributions	-	3,500
Contributions subsequent to the measurement date	83,000	-
	\$ 165,000	\$ 3,500

The contributions of \$83,000 reported as deferred outflows of resources related to pensions resulting from KUAC's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to PERS-DB will be recognized in pension expense as follows:

Years ending June 30

2022	\$ 27,000
2023	\$ 28,000
2024	\$ 24,000

Sensitivity of KUAC's proportionate share of the net pension liability to changes in the discount rate. The following presents KUAC's proportionate share of the net pension liability calculated using the discount rate of 7.38%, as well as what KUAC's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.38%) or 1-percentage-point higher (8.38%) than the current rate:

	1% decrease 6.38%	Discount rate 7.38%	1% increase 8.38%
KUAC's proportionate share of the net pension liability	\$ 2,416,000	\$ 1,858,000	\$ 1,390,000

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

NOTE 8 - RETIREMENT PLANS (continued)

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS-DB financial report.

According to GASB Statement No. 68, KUAC and the University report under a special funding situation. The special funding situation indicates that the State of Alaska is legally responsible for making contributions directly to the PERS-DB plan for the University as further described in Alaska Statute 39.35.280. If the law did not exist or was eliminated, KUAC and the University may no longer report under a special funding situation. For example, in a non-special funding situation, KUAC would be required to recognize an additional net pension liability of \$769,000 (unaudited) as of June 30, 2021.

Postemployment Benefits Other Than Pensions (OPEB) Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2021, KUAC reported an asset for its proportionate share of the net Postemployment Benefits Other Than Pensions (OPEB) asset. The amount recognized by KUAC as its proportionate share of the net OPEB (asset) liability and the State's proportionate share of the net PERS OPEB liability associated with KUAC as of June 30, 2021 and 2020 were as follows:

	2021	2020
KUAC's proportionate share of the net OPEB liability	\$ (142,000)	\$ 45,000
State's proportionate share of the net OPEB liability associated with KUAC (unaudited)	(59,000)	18,000
Total net OPEB liability	\$ (201,000)	\$ 63,000

The net OPEB asset was measured as of June 30, 2020, and the total OPEB asset used to calculate the net OPEB asset was determined by an actuarial valuation as of June 30, 2019. KUAC's proportion of the net OPEB asset of the University was based on a proportion of KUAC's participating employee payroll compared with the University's total participating employee payroll. The University's proportion of the net OPEB liability was based on a projection of the University's share of present value of future contributions to the OPEB plan relative to the projected present value of future contributions of all participating employers and the State, actuarially determined. At June 30, 2021, the University's portion was 3.734% of the overall PERS liability. KUAC's portion was 0.84%.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

NOTE 8 - RETIREMENT PLANS (continued)

At June 30, 2021, KUAC reported deferred outflows of resources and deferred inflows of resources related to PERS-DB OPEB plan from the following sources:

	June 30, 2021	
	Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ -	\$ 11,000
Difference between projected and actual investment earnings	57,000	-
Changes in assumptions	-	100,000
Changes in proportion and difference between employer contributions and proportionate share of contributions	20,000	-
Contributions subsequent to the measurement date	40,000	-
	\$ 117,000	\$ 111,000

The contributions of \$40,000 reported as deferred outflows of resources related to PERS-DB OPEB plan resulting from KUAC's contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to PERS-DB OPEB plan will be recognized in OPEB expense as follows:

Years ending June 30

2022	\$ 20,000
2023	\$ 22,000
2024	\$ 15,000

Sensitivity of KUAC's proportionate share of the net OPEB liability to changes in the discount rate. The following presents KUAC's proportionate share of the net OPEB liability calculated using the discount rate of 7.38%, as well as what KUAC's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.38%) or 1-percentage-point higher (8.38%) than the current rate:

	1% decrease 6.38%	Discount rate 7.38%	1% increase 8.38%
KUAC's proportionate share of the net OPEB liability	\$ 149,000	\$ (142,000)	\$ (384,000)

operated by the University of Alaska Fairbanks)

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

NOTE 8 - RETIREMENT PLAN (continued)

OPEB Plan Fiduciary Net Position. Detailed information about the OPEB plan's fiduciary net position is available in the separately issued PERS-OPEB financial report.

According to GASB Statement No. 75, KUAC and the University report under a special funding situation. The special funding situation indicates that the State of Alaska is legally responsible for making contributions directly to the PERS-DB plan for the University as further described in Alaska Statute 39.35.280. If the law did not exist or was eliminated, KUAC and the University would no longer report under a special funding situation. For example, in a non-special funding situation, KUAC would be required to recognize an additional net OPEB asset of \$59,000 (unaudited) as of June 30, 2021.

State of Alaska Public Employees' Retirement System - Defined Contribution (PERS-DC)

Plan Description

PERS-DC is a defined contribution, cost-sharing, multiple-employer public employee retirement plan established and administered by the State of Alaska to provide pension and postemployment healthcare benefits for eligible employees. Benefit and contribution provisions are established by state law and may be amended only by the state legislature. PERS-DC was created by the state effective July 1, 2006. Plan savings are accumulated in individual retirement accounts for the exclusive benefit of each member or beneficiary.

Funding Policy and Annual Pension Cost

Employee contribution rate is 8 percent and the employer effective contribution rate is 22 percent of covered payroll. For the years ended June 30, 2021 and 2020, KUAC's total covered payroll was \$210,466 and \$170,709. Employer contributions were \$46,303 and \$38,369 for the years ended June 30, 2021 and 2020, respectively, for pension and postemployment healthcare.

On July 1, 2006, three pension trust sub-funds were created within PERS, the Retiree Major Medical Insurance (RMP), Health Reimbursement Arrangement (HRA), and Occupation Death and Disability (OD&D). KUAC's employer contributions to these plans, and the Postemployment Benefits Other Than Pensions (OPEB) Liabilities related to these plans are not material and have not been calculated for separate disclosure.

KUAC TV9 FM 89.9
(A public telecommunications entity
operated by the University of Alaska Fairbanks)

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

NOTE 8 - RETIREMENT PLAN (continued)

University of Alaska Pension Plan (Pension)

Plan Description

In addition to the other retirement plans, substantially all regular employees (hired before July 1, 2006), and faculty classified as temporary, participate in the Pension plan which was established effective January 1, 1982, when the University withdrew from the federal social security program. Eligible employees, hired on or after July 1, 2006 and electing to participate in the University of Alaska Retirement program, also participate in the Pension plan.

Funding Policy and Annual Pension Cost

For fiscal years 2021 and 2020, employer contributions for regular employees were 7.65 percent of covered wages up to a maximum of \$42,000. For certain faculty classified as temporary, the employer contributions were 7.65 percent of covered wages up to \$142,800 and \$137,700 in 2021 and 2020, respectively. The plan provides for employer contributions to be invested in accordance with participant-directed investment elections. Participants hired before July 1, 2006, are 100 percent vested at all times. KUAC contributions for participants hired on or after July 1, 2006, are 100 percent vested after 3 years of service. Regular staff hired on or after July 1, 2015 are also 100 percent vested after three years of service of the employer contributions of the pension plan. The contributions on behalf of KUAC employees were \$45,800 for the year ended June 30, 2021.

University of Alaska Optional Retirement Plan - Defined Contribution (ORP)

Plan Description

The ORP is an employer funded defined contribution plan which operates in conjunction with a companion mandatory tax-deferred annuity plan. Certain of KUAC's employees are participants in ORP Tier 3. Between July 1, 2006 and July 1, 2015, employees were able to make a one-time election to participate in this plan as an alternative to participation in the PERS-DC plan.

Funding Policy and Annual Pension Cost

KUAC's contributions are remitted to the plan's authorized employee-selected annuity providers or investment managers. The contributions on behalf of KUAC employees were \$17,360 for the year ended June 30, 2021.

(A public telecommunications entity
operated by the University of Alaska Fairbanks)

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

NOTE 9 - NONFEDERAL FINANCIAL SUPPORT (NFFS)

The Corporation for Public Broadcasting (CPB) allocates a portion of its funds annually to public broadcasting entities, primarily based on NFFS. NFFS is defined as the total value of cash and the fair market value of property and services received as either a contribution or a payment and meeting all the respective criteria for each.

A "contribution" is cash, property or services given to a public broadcasting entity for general operational purposes. Support received as a contribution by a public broadcasting entity must meet the following criteria to be includable as NFFS: (1) the source may be any entity except the federal government or any other public broadcasting entity; (2) the contribution may take the form of a gift, grant, bequest, donation or appropriation; (3) the purpose must be for the operation of a noncommercial, educational public broadcast station or for the production, acquisition, distribution or dissemination of educational television or radio program and related activities; and (4) the recipient must be a public broadcasting entity on behalf of a public broadcast station.

However, to eliminate distortions in the TV Community Service Grant (CSG) grant program precipitated by large infusions of new capital investments in Digital Television (DTV), all capital contributions received for purposes of acquiring new equipment or upgrading existing or building new facilities, regardless of source or form of the contribution, are not included in calculating NFFS. This change excludes all revenues received for any TV capital purchases.

A "payment" is cash, property or services received by a public broadcasting entity from specific sources in exchange for specific services or materials. Support received as a payment by a public broadcasting entity must meet the following criteria to be includable as NFFS: (1) the source must be a state, any agency or political subdivision of a state, an educational institution or organization, or a nonprofit entity; (2) the form of the payment must be appropriations or contract payments in exchange for specific services or materials; (3) the purpose must be for any related activity of the public broadcast station; and (4) the recipient must be a public broadcasting entity on behalf of a public broadcast station.

Revenue reported for NFFS in relation to net pension liability is limited only to actual contributions to the plan, reported as "State of Alaska on-behalf contributions - pension." It does not include changes in net pension liability.

The operations of KUAC are accounted for using the following funds for CPB purposes:

Television Fund - This fund includes the revenues and expenses of KUAC TV9, the television transmission operations through Alaska One.

Radio Fund - This fund includes the revenues and expenses of KUAC FM 89.9.

Reported NFFS for KUAC were \$1,311,173 and \$1,310,707 for KUAC TV9, and \$1,191,215 and \$1,598,544 for KUAC FM 89.9 for the years ended June 30, 2021 and 2020, respectively.

KUAC TV9 FM 89.9
(A public telecommunications entity
operated by the University of Alaska Fairbanks)

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2021 AND 2020

NOTE 10 - COVID RELATED FUNDING

The federal government passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act in March 2020, the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA) in December 2020, and the American Rescue Plan Act (ARP) in March 2021. Provisions of these acts included funding for "Stabilization Grants" to public telecommunications entities, passing through the Corporation for Public Broadcasting. KUAC TV9 received stabilization grants of \$492,335 and \$260,204 for the years ended June 30, 2021 and 2020, respectively. KUAC FM 89.9 received stabilization grants of \$223,893 and \$112,136 for the years ended June 30, 2021 and 2020. These supplemental grants may be used for any expense allowable under the CPB's CSG grants, and have no spending period.

In addition, the CRRSAA bill passed in December 2020 permitted university-owned public broadcasting entities to apply for funding under the Paycheck Protection Program (PPP). KUAC received a PPP loan in the amount of \$330,517 on February 17, 2021. Under terms of the PPP program, funds spent on eligible payroll and other expenses within 24 weeks are eligible for forgiveness. KUAC fully expended the loan by June 30, 2021. The loan was fully forgiven on November 9, 2021.

KUAC Friends Group also received a CARES grant passed through Alaska Community Foundation in September 2020 to support payroll for FM 89.9 through December 31, 2020.

All of these awards are reported as nonoperating revenue in the Statement of Revenues, Expenses, and Changes in Net Position in the year they were awarded.
